01 ABOUT US

Millennium General Contractors is a full-service construction and building materials supply company based in Kericho, Kenya. We specialize in the design, construction, renovation, and project management of residential, commercial, and institutional developments.

With a commitment to quality, innovation, and professionalism, we provide comprehensive construction solutions tailored to meet the needs of homeowners, businesses, developers, and public institutions. Our experienced team combines technical expertise, quality workmanship, and reliable project management to deliver projects that exceed client expectations.

In addition to construction services, we import and supply premium building materials and finishing products, enabling clients to access high-quality solutions for every stage of their projects.
